Bay Gardens Mentorship and Day of Caring

It was a fun, educational and exciting day for the Bay Gardens Resorts valued team members and their children.

Bay Gardens Resorts held the first ever Mentorship and Day of Caring program, which allowed the team members one hour to have their children work along with them or another team member within their respective department. This Initiative was implemented so that the children of our team members will understand, appreciate and value the efforts of their hardworking parents.

The children were then treated to a scrumptious lunch, entertainment and the use of the pool at the Bay Gardens Inn. It was indeed a wonderful experience and a day well spent for the staff members and their families.
